

My 8-week savings challenge

Week 1, save one coin. Week 2, save two. By week 8 you're saving eight, and you'll have put away 36 coins one small step at a time.

Name _____ My coin is worth _____ I started on _____

WEEK	SAVE THIS MANY COINS — COLOUR THEM IN	DONE	COINS SO FAR	MONEY SO FAR

0.20	7.20
0.25	9.00
0.50	18.00
1.00	36.00

When I finish, I'm going to

Missed a week?

Don't skip the row. Do both weeks' coins next time. The challenge is finishing all eight, not getting every week right.

For the grown-up

Help them pick a coin they can still afford eight of in week 8. If you'll match what they save, say so before week 1, not halfway through.
